

SH Rope Bags - Technical Sales Sheet: 135/136

Product Code: 31829/31830
Standards: N/A

Description

Heavy duty rope and kit bags designed for height safety and lifting applications. Built for demanding site conditions, Safehold Rope Bags feature reinforced construction, durable materials, and padded bases to protect contents and extend service life. The bag has adjustable shoulder straps. The bag has a double drawstring top for added security. There is a visible name holder window and load rated lifting loop.

Primarily used for height safety and rope access work, industrial lifting operations, equipment transport and storage, construction, maintenance, and inspection environments.
